

Design Your Own Habitat

Lions live in the African Savanna, In this activity you can cut out and make your own savanna scene!

What you need:

This print out, scissors

Directions:

Print out the picture of the African Savanna then print and cut out the images. Use your imagination to create a scene with the different animals. Think about the things a lion would need to have in their habitat (food, water and shelter), and think about how they would be able to sneak up on their prey.

Concepts:

- Connection- Lions live in the African Savanna
- Fine motor- Cutting, placing
- Sensing- seeing and placing
